

Relax Your Mind

C C7
Relax your mind, Relax your mind ooh
F C
Makes you live a great long time
G7 C FC
Sometimes you gotta to relax your mind

C C7
Like when your driving your automobile
F C
Keep your eyes on that windshield
G7 C FC
Sometimes you gotta to relax your mind

C C7
And when the light turns red
F C
Put your foot down to the brake ped
G7 C FC
Sometimes you've gotta to relax your mind

C C7
And when the light, turn green
F C
Put your foot on the gasoline
G7 C FC
Sometimes you've gotta to relax your mind

C C7
Relax your mind, relax your mind
F C
whoa it makes you feel like cherry wine
G7 C FC
Sometimes you've gotta to relax your mind

C
There was a man who came to the railroad
C7
track
F C
Now he forgot to relax,
G7 C FC
One time that he should've relaxed his mind

C C7
Relax your mind, relax your mind
F C
Makes you feel so fine sometimes
G7 C FC
Sometimes you've gotta to relax your mind
